

Oregon Funding Local Projects

ECONOMIC RECOVERY AND REINVESTMENT ACT OF 2009

The Act Will Fund

Renewable Energy Projects

- Energy efficiency block grants
- Smart appliances

Water Quality Projects

- Sewer line replacement
- Wastewater treatment upgrades
- Recycled water systems
- Stormwater projects

State Drinking Water Projects

- Watershed protection
- Water conservation
- Storage tanks
- Water line replacement
- Groundwater supply systems
- Water treatment systems

Transportation, Roads and Bridges

- Resurfacing of local streets and roads
- Highway construction
- Flood control
- Environmental restoration

Position Your Agency to Receive Funds

The act prioritizes “green” projects with complete:

- Plans & specs
- Environmental documentation
- Permitting

The act emphasizes speed.

Agencies need to get on the priority list for the Clean Water State Revolving Fund (CWSRF), or Drinking Water programs, and your local transportation agency’s project lists.

- Preapplications are due now - the window of time for preapplications is very short.
- For wastewater and stormwater projects, if the project is not on the SRF list, it should be added by March 24th.

Winzler & Kelly can help your agency by:

- Submitting pre-applications
- Compiling full applications
- Preparing NEPA documents
- Preparing plans & specs
- Managing construction

Our Sustainability Commitment

Winzler & Kelly has a strong commitment to achieving sustainability goals, and thinking beyond the conventional design limits with respect to sustainable solutions.

Green Building programs will reduce the cost of ownership of facilities

in reduced energy and operating costs,

will facilitate better asset management

and increase the useable life of its assets.

A Full-Service Firm

Winzler & Kelly began as a civil engineering and surveying firm in northwest California well over 50 years ago. Today, we serve our community and clients with full-service engineering and environmental services via offices that span throughout California, Oregon, Washington, and Micronesia.
